Principles and integrity are expensive, but they are among the very few things worth having.

**Re:** Request to Establish Special Account at the West Lake Landfill Superfund Site

EPA Region 7 intends to establish a special account with funds received from the PRPs in payment for oversight costs. Presently, the PRPs are doing work under the Additional Work provision of an Administrative Order on Consent which was signed in 1993. This investigative work will continue through 2014 and into 2015. EPA expects that as much as \$300,000 \$-----will be deposited in the account for work done under the existing AOC.

At the completion of the investigative work, EPA plans to amend the 2008 ROD and proceed with negotiations of a consent decree for a remedial design and remedial action. Remedial work is expected to continue for a decade or more.

**Commented [R71]:** Question – this AOC is OU-1 specific, I think; do we need to specify this? Can this special account also receive reimbursements for EPA's OU-2 oversight from that set of PRPs? The OU-2 oversight bills are much smaller than the OU-1 bills.

**Commented [R72]:** Based on doubling the 2013 OU-1 O/S bill and rounding up.

**Commented [R73]:** Again, this is OU-1 specific; hopefully the OU-2 RD/RA CD negotiations would also proceed at that time.
